Al-Nasr Automotive Manufacture CO. (NASCO)

Al-Nasr Automotive Manufacture CO. (NASCO)

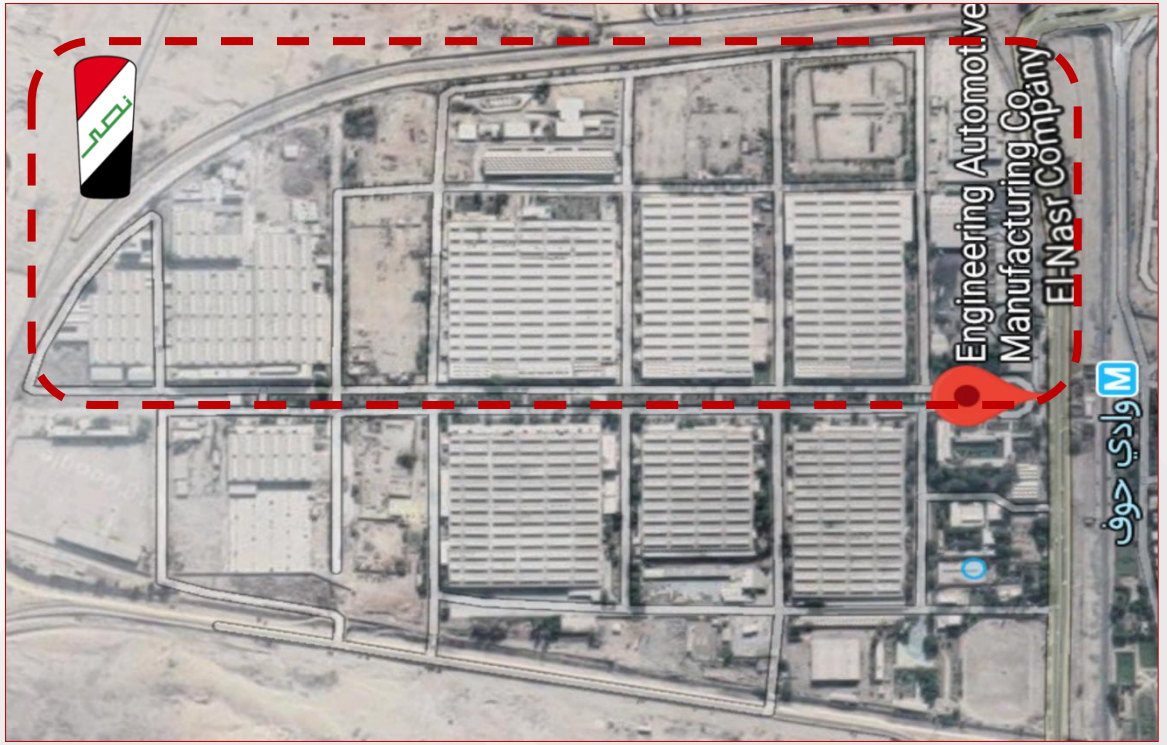
Overview

- Al-Nasr Automotive Manufacture Company specialized in the production & sale of passengers cars and manufacture of spare parts and manufactured many components like sheet metal forming pressed parts, drivetrain parts, gearboxes, seats and trim parts, etc..
- Operated under different license agreements with OEMs like Fiat, and Tofas and manufacture assembly for others customer.

Al-Nasr Automotive Manufacture CO. (NASCO)

Facts & figures

- Paid in capital of EGP350 Mn, fully owned by the Metallurgical Industries Holding (Ministry of Public Business Sector)
- Land: 482,000 m2
- Built up area: 155,301 m2
- Work force: 118 (reached 12,000)
- Location: Helwan 24 km south east of Cairo



Al-Nasr Automotive Manufacture CO. (NASCO)

Premises

Factory No.4: Passenger Car Factory

Welding, assembly, ELPO, paint shop and EOLT

Covered area: 41,813 m2

Manufactured Fiat, Tofas, Hyundai and ED for BMW E60

Al-Nasr Automotive Manufacture CO. (NASCO)

Premises

METALLURGICAL INDUSTRIES HOLDING
القابضة للصناعات المعدنية

Factory No.5: Tool Room

Covered area: 32,893 m2

Manufactures tools, dies, jigs & fixtures for the company's 3 factories

Al-Nasr Automotive Manufacture CO. (NASCO)

Premises

Factory No.6: Parts Machining Factory

Covered area: 32,813 m2

Machines mechanical parts related to gearboxes, axels, engines, etc.

Al-Nasr Automotive Manufacture CO. (NASCO)

Premises

Factory No.7: Pressing Factory

Covered area: 14,733 m2

Presses automotive body panels, differential casings, other non-automotive parts (whitegoods bodies)

Press up to: 1000 tons

Al-Nasr Automotive Manufacture CO. (NASCO)

Product Lineup historical amounts

Product	Yearly Production Max. Capacity
Nasr 1100	12,094

Product	Yearly Production Max. Capacity
Nasr 1300	6,270

Product	Yearly Production Max. Capacity
Nasr 1500 & 2300	2,096

Product	Yearly Production Max. Capacity
Nasr 4X4	515

Nasr Sahin & Dogan

80,240

Nasr 126

3,261

Nasr Florida

342

Total amount: 304,741

<u>Current Capacity</u> for production lines on 3 shifts basis ➡ 36 K/year, expandable up to 72 K/year

Al-Nasr Automotive Manufacture CO. (NASCO)

Ghamra Service Center

- NASCO is offering Repairing and maintenance services for all types of cars including the reforming processes in Ghamra with covered area 10.877 M2

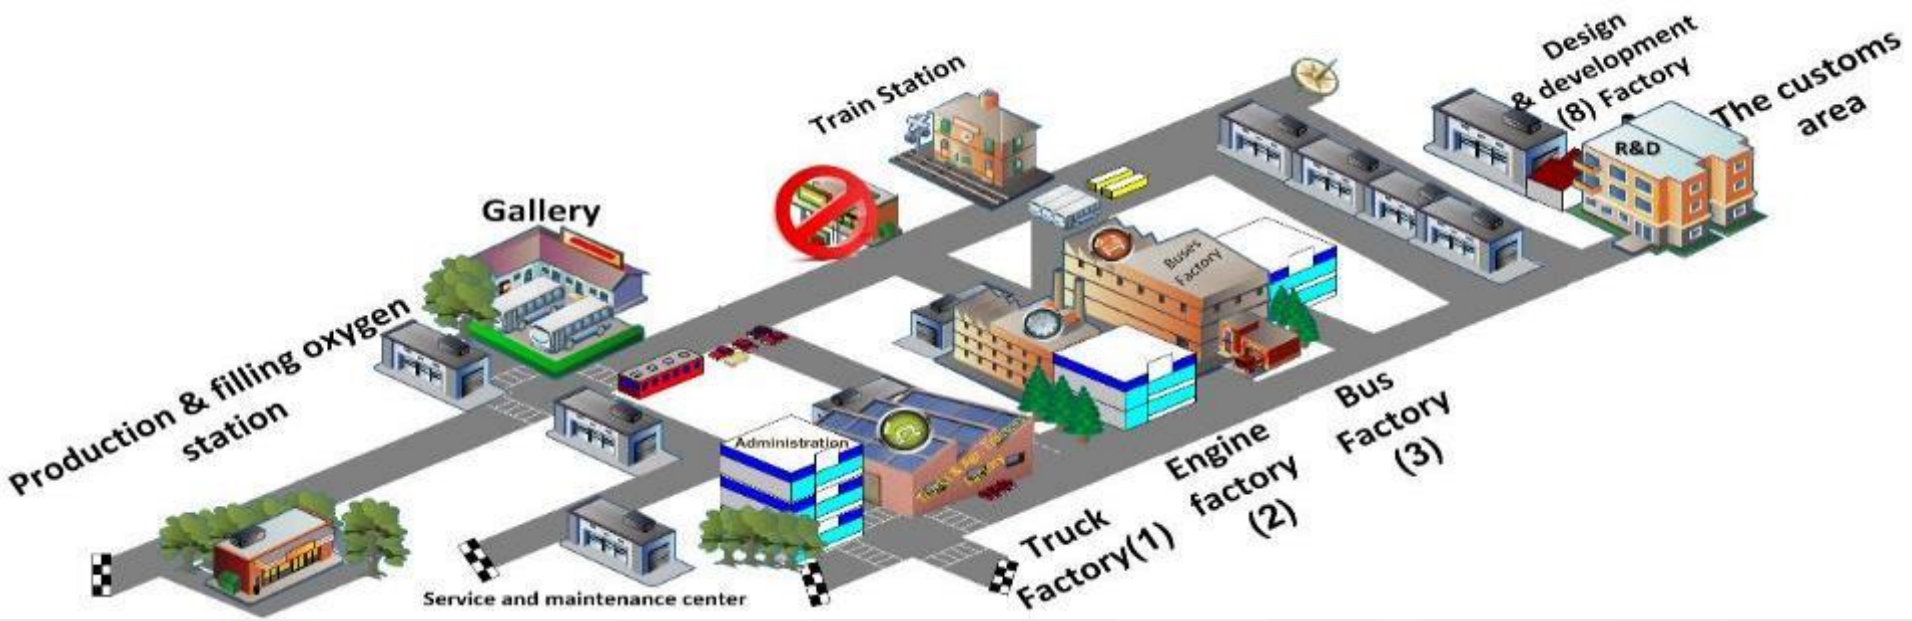
Engineering Automotive Manufacturing CO. (EAMCO)

Engineering Automotive Manufacturing CO. (EAMCO)

Overview

- EAMCO was founded in 2000 on activity of Lorry, buses, diesel engines and agricultural tractors manufacturing.

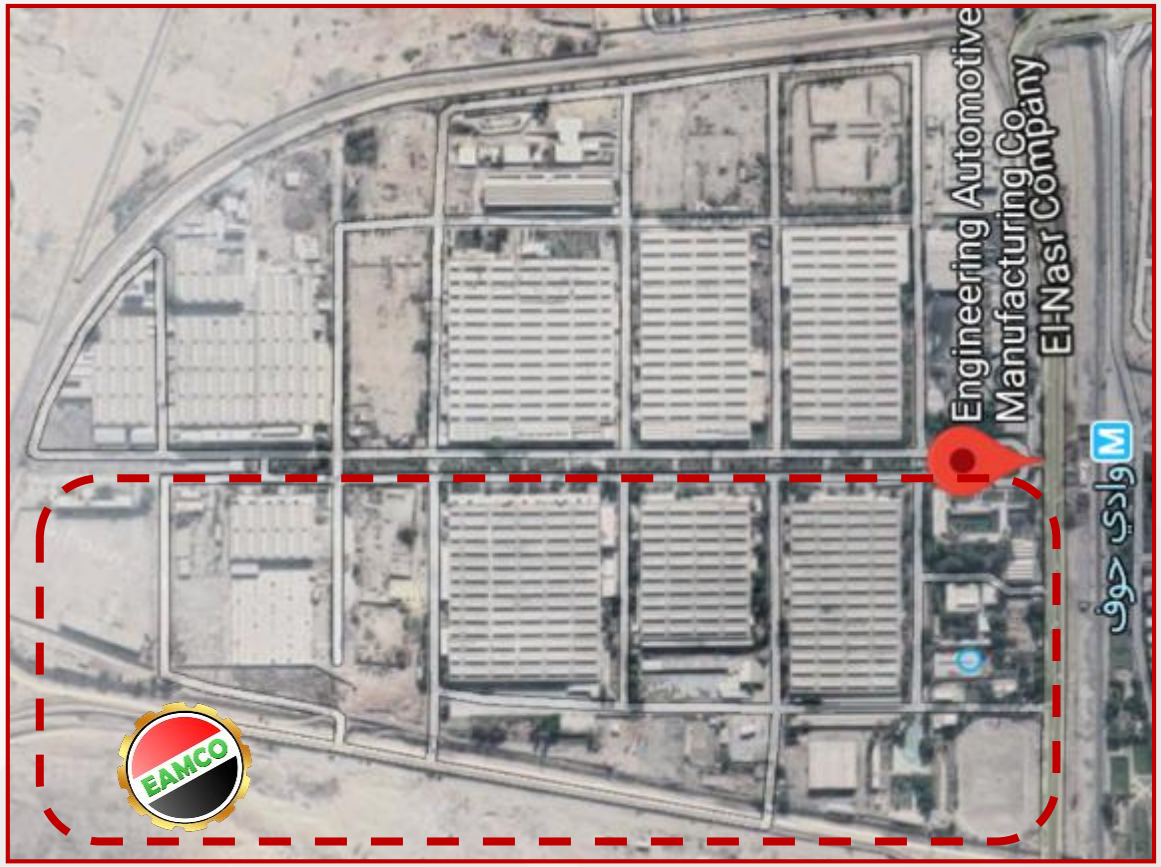
- EAMCO is specialized also in the production and sale of spare parts and Vehicle Service maintenance.



Engineering Automotive Manufacturing CO. (EAMCO)

Facts & figures

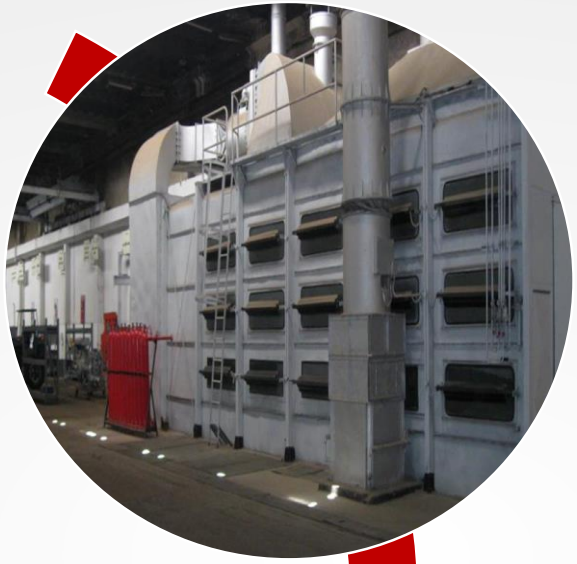
- Paid in capital of EGP 64,5 Mn, fully owned by the Metallurgical Industries Holding (Ministry of Public Business Sector)
- Land: 342,000 m2
- Built up area: 295 m2
- Work force: 1257
- Location: wadi Hof – Helwan – Cairo



Engineering Automotive Manufacturing CO. (EAMCO)

Premises

Factory No.1: Trucks & Agri. Tractors Factory



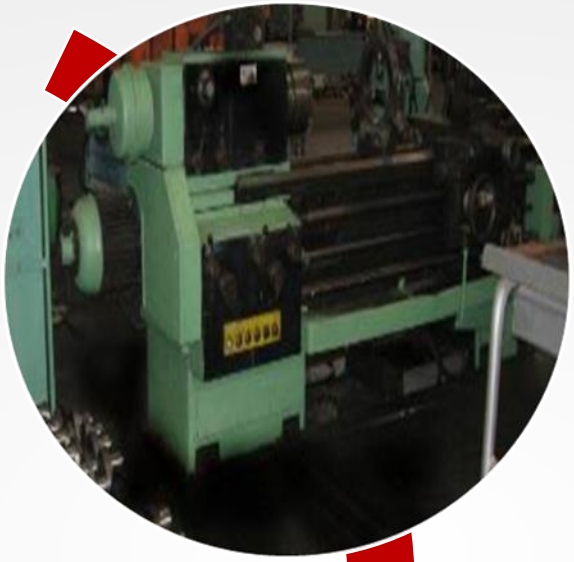
Assembling of different types of light, medium and heavy trucks, buses Chassis and agricultural tractors.

Covered area: 49k M2

Engineering Automotive Manufacturing CO. (EAMCO)

Premises

Factory No.2: Engines Factory



Production , assembling and testing of air-cooled engines for lorries and buses

Covered area: 52k M2

Engineering Automotive Manufacturing CO. (EAMCO)

Premises

Factory No.3: Buses Factory

Build of different types of buses bodies such as: tourist, heavy, inter city, within cities buses, mini-buses, midi-buses and microbus

Covered area: 90k M2

Engineering Automotive Manufacturing CO. (EAMCO)

Product Lineup current capacity

Bus capacity 43-47, with 3 shifts → **900 per year.**

Mini Bus capacity 29, with 3 shifts → **1800 per year.**

Midi Bus capacity 33, with 3 shifts → **1800 per year.**

All Buses

4500

Product	Yearly Production Max. Capacity

Engineering Automotive Manufacturing CO. (EAMCO)

Product Lineup current capacity

Agricultural Tractors

3600

Trucks

8100

Heavy trucks, with 3 shifts → 900 per year.

medium trucks, with 3 shifts → 1800 per year.

Light trucks, with 3 shifts → 1800 per year.

pickup trucks, with 3 shifts → 3600 per year.

Agricultural tractors , with 3 shifts → 3600 per year.

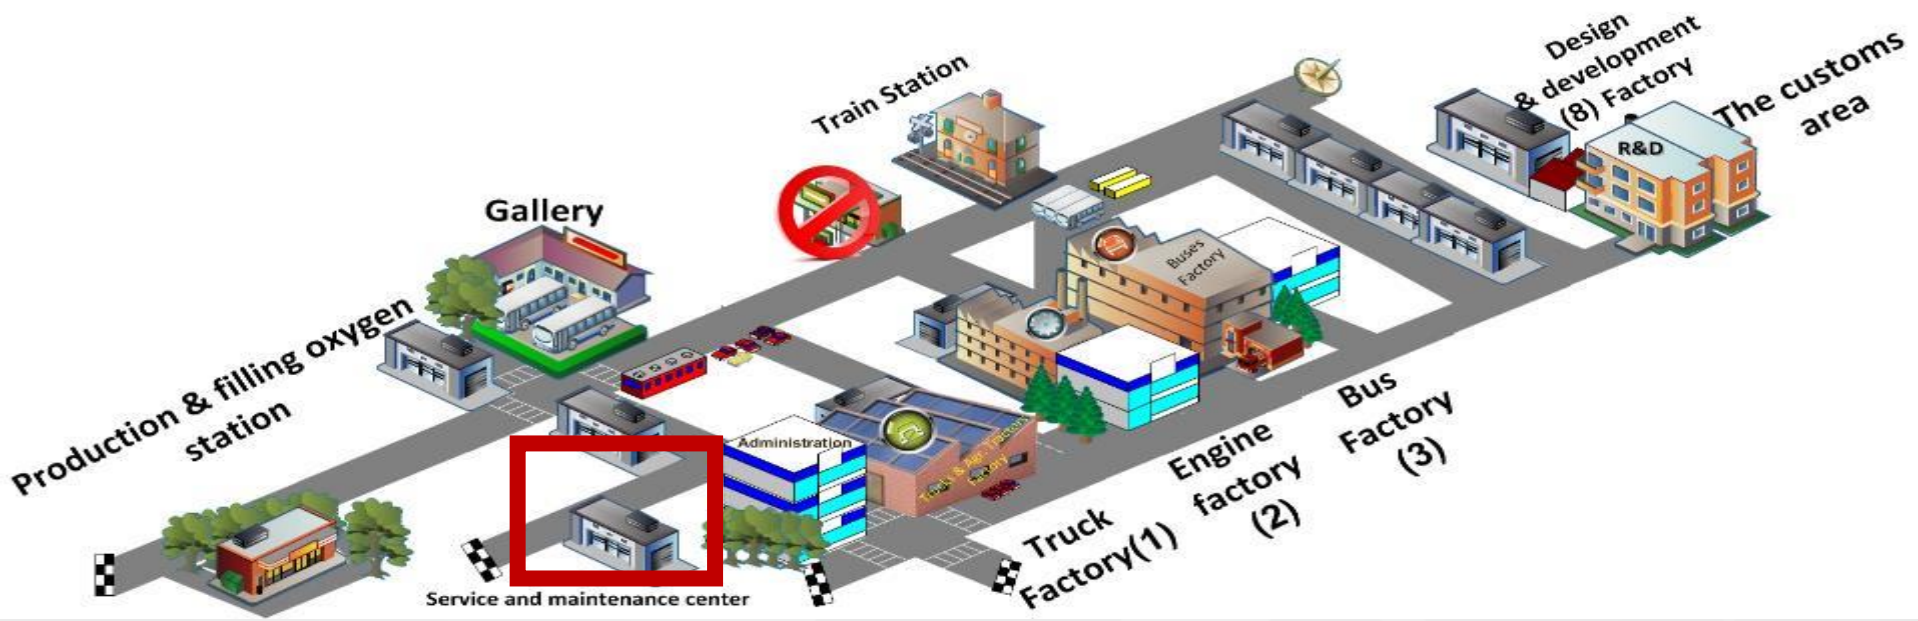
Product	Yearly Production Max. Capacity

Engineering Automotive Manufacturing CO. (EAMCO)

Service Centers (Helwan branch)

- EAMCO is offering Repairing and maintenance services for all types of cars, buses and trucks including the reforming processes in Helwan and Alexandria Branches.

First Helwan branch



Engineering Automotive Manufacturing CO. (EAMCO)

Service Centers (Alexandria branch)

- Second Alexandria Branch

Engineering Automotive Manufacturing CO. (EAMCO)

Alexandria branch Services

Upholstery Works

AC Works

Paint Works

The Electricity Works

Mechanics Works

Overhauls engines

Service centers and Showrooms

The metallurgical industries holding (MIH), its Holding sister companies and their subsidiaries own various service centres and showrooms in Cairo and Alexandria governorates .
